Hyannis Area Schools Community,

Our school takes pride in supporting the needs of the whole child, and to ensure that all children are safe, supported, engaged, and challenged each school day. Research indicates that initiatives focused on improving aspects of students' well-being in schools — such as addressing childhood obesity, preventing bullying, supporting students mental health, and restricting use of exclusionary discipline — have been found to be successful in improving student success and academic excellence. We have assessed our wellness policy as part of the USDA requirements. Below are the results of our assessment.

Step #1- [Wellness Policy Assessment Results](#)

Step #2- [Wellness Policy Progress](#)

Our wellness team comprised of building leadership, parent stakeholders and community members will meet annually to review policy and work to amend any unmet goals.

If you have any questions, please contact Travis Hawk at 308-458-2202.

Respectfully,

Travis Hawk

Notes: Delete this text and briefly describe what was adopted. If possible, include the location/page numbers in the updated wellness for any new language.

4. Have the changes been approved by the board?

- Yes
- No

5. Describe the next steps for strengthening your LWP.

We plan to establish a Wellness Team Committee with appointed leaders.

Skip & delete the following pages if utilizing the WellSAT tool to complete the model policy comparison.

Alliance for a Healthier Generation 10-step Checklist

According to 7 CFR 210.31(e)(2), all School Food Authorities (SFAs) are required to complete an assessment of their compliance with their local wellness policy (LWP) at least once every three years and make this assessment available to the public by posting assessment responses/documentation to your school/district/residential child care institution (RCCI) website.

The local wellness policy (LWP) triennial assessment must be completed by **June 30, 2026**. Non-compliance with this requirement will result in a hold of the SFAs Child Nutrition Program claims for reimbursement until this requirement is met.

The questions contained in this survey have been taken from the Alliance for a Healthier Generation's LWP assessment.

This survey outlines the ten required components of the LWP as defined by the USDA final rule of 2016. SFAs can use this checklist with Healthier Generation's Model Wellness Policy to revise/update their LWP to ensure that it meets federal requirements. Healthier Generation's Model Wellness Policy includes model language for the required components, as well as resources to support implementation.

Please provide your SFA's information and then select the rating that applies to your LWP for each of the 10 questions below.

The rating scale is:

2 = Current policy includes **all** required language for this component

1 = Current policy includes **some** of the required language for this component

0 = Current policy includes **none** of the required language for this component
